Subject: Gorge Dam Removal

Ms. Thompson,

I am preparing to send out materials related to the Gorge Dam Removal, a USEPA project located on the Cuyahoga River in Summit County, Ohio. These materials include a letter to the State Historic Preservation Office detailing the project and the cultural resource work done for the Section 106 coordination, three reports (two archaeology and one history/architecture), and a conservation plan. I was wondering if you would prefer paper or digital copies of the materials? If you prefer digital copies, I can either send them to you via email or put them on our FTP site where they can be accessed and downloaded.

Thank you,

Megan
